

ACADEMIC PARTNERSHIP PROGRAM

The ASEM Academic Partnership program facilitates a simple and cost-effective approach for student groups to become ASEM members. The primary goals of this program are to help with the administrative burden at the local university and to simplify bulk student registration process.

Enhance the Professional Development and Career Preparation of Your Students

How It Works

Based on a fixed fee, the program allows an academic institution to facilitate a given number of individual ASEM student memberships on a large scale with minimal paperwork and at a significantly reduced cost.

Benefits

With your academic partnership, your students enjoy the benefits of ASEM membership including:

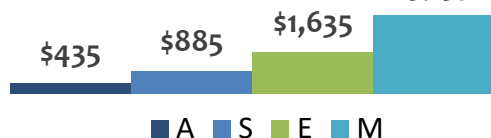

- Electronic copies of the society’s publications (*A Guide to the Engineering Management Body of Knowledge (EMBoK)*, *Engineering Management Handbook*, the *Engineering Management Journal (EMJ)*, the quarterly *Practice Periodical*, and monthly *eNews*)
- Reduced conference registration for the International Annual Conference
- Discounted rate for Certified Associate in Engineering Management (CAEM)
- Participation in society webinars from leading experts
- In addition to reduced rates for student memberships, each academic partnership includes one membership for the program adviser which is equivalent to a professional membership (a value of \$135)

Program Details

Based on the needs of programs of various sizes, three partnership levels are available to allow flexibility in supporting student members.

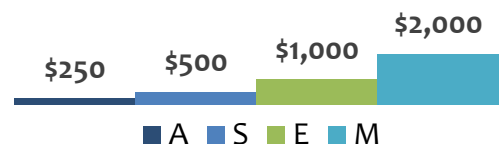

Academic Partnership Levels	
Ascending:	Up to 10 students \$250
Soaring:	Up to 25 students \$500
Excelling:	Up to 50 students \$1,000
Maximizing:	Up to 250 students \$2,000

Total Cost without Academic Partnership
\$3,135

VS.

Total Cost with Academic Partnership
