

**CAREER OPPORTUNITY
Sr. Engineer Shops, Yard, and Sustainability**

Location: North White Plains, Westchester County

Reference #: 89267

Compensation: Grade G Min: \$81,372.50 / Mid: \$101,715.62

Application Deadline: December 1, 2017

Metro-North Railroad reserves the right to remove this posting prior to the Application Deadline.

MTA Metro-North Railroad is a dynamic organization, operating out of the jewel of New York City, Grand Central Terminal. We provide service to over 82 million customers annually, traveling in and out of New York and Connecticut. A subsidiary of the Metropolitan Transportation Authority, Metro-North Railroad is the busiest commuter railroad in the nation. MTA Metro-North Railroad strives to provide a safe commute, great service to its customers and rewarding opportunities to its employees.

POSITION OBJECTIVE

To coordinate and manage Engineering and Design for Capital construction projects involving infrastructure improvements to various Metro-North Shops & Yards. These projects will require coordination between consultants, contractors, Metro-North forces and outside agencies, from design through construction. Position assists in protecting the Company's interests and ensuring safety in all aspects thereof.

RESPONSIBILITIES

Evaluate and develop project work scopes, schedules and budgets for design and construction phases.

Manage design consultants including technical review of procurement documents, design drawings and specifications, and administration of contracts.

Manage construction activities including construction management, work schedule reviews, daily site coordination, safety reviews, change order negotiations and administration of contracts through project completion.

Develop and manage force account work scopes, coordinate projects with other MNR departments and projects, and coordinate with local municipalities.

Assist in meeting Capital Programs' requirements for compliance with environmental regulations and with State requirements specific to EO-88 and EO-4.

REQUIRED QUALIFICATIONS

Familiarity with transportation operations and/or other applicable civil/structural construction experience.

Familiarity of state and federal codes and regulations pertaining to design and construction.

Competent understanding of engineering principals.

Demonstrated effective verbal and written communication skills are required in order to provide the necessary technical and administrative support.

Familiarity with Microsoft Office Suite and/or comparable PC applications.

Familiarity with Critical Path Method (CPM) Scheduling, using Primavera Project Planner or comparable applications.

Strong project management and coordination skills are required to plan, direct and control the design and construction phases of the Capital Program.

A solid working knowledge of Project Management, Construction Management, Construction Contracts, Quality Assurance/Quality Control, Safety and Security procedures.

Familiarity with EO-88 and EO-4.

Ability to be on call for emergencies as needed.

Ability to present technical material to a group of public officials or community groups in laymen's terms.

Personal abilities of motivation, self-starter and persistence while motivating others.

Ability to interact with internal departments and city, state and federal agencies.

Knowledge of safety rules and regulations.

Must possess a valid driver's license.

PREFERRED QUALIFICATIONS

Project Management experience and managing professionals.

Professional Engineering (PE) License.

REQUIRED EDUCATION/EXPERIENCE

Bachelor's Degree in Civil, Structural or related Engineering field.

Minimum of five (5) years of experience in Engineering, Construction and surveying practices and principles as they relate to bridges, facilities and/or station construction (or successful completion of MNR Associate Engineer Program).

Minimum of three (3) years of project management experience and managing professionals (or successful completion of MNR Associate Engineer Program).

OTHER INFORMATION

This is a safety sensitive position and subject to toxicological testing.

As an employee of Metro-North Railroad you may be required to complete a New York State financial disclosure statement, if you earn more than \$95,534.00 or if you hold a position designated as a policy maker.

SELECTION CRITERIA

To be selected for a position, an applicant must: (1) meet the minimum requirements in the job posting, (2) pass a written examination (if applicable), (3) satisfy a background investigation (which includes credit, if applicable), and (4) pass an oral interview, during which the interviewers will further evaluate the applicant's qualifications for the position. Because the selection process is competitive, not all qualified applicants are granted an interview. Metro-North may also require the applicant to undergo a physical ability test, and, if the Company extends a conditional offer, may require him or her to undergo a medical examination, which may include toxicological testing.

For applicants who are current employees, you must be in active service and have worked in your present position for at least one (1) year to be eligible to apply for a posted position, and have completed the agreed upon formal training commitment, plus on-the-job training, if applicable (for example: Signal Trainee, Foreman-In-Training, etc.) in order to be eligible to transfer. If you are transferred, you may be required to forfeit your seniority in your present occupation. In addition, Metro-North employees are subjected to an internal investigation, which includes an evaluation of their safety and discipline records and their performance assessments.

As an employee of Metro-North Railroad you may be required to complete a New York State financial disclosure statement, if you earn more than \$91,821.00 or if you hold a position designated as a policy maker.

We offer a competitive salary and a comprehensive benefits package.
