The Department of Systems Engineering at the United States Military at West Point is seeking application for an Assistant Professor/Associate Professor/Professor position (USA Jobs #614024500).

Position Description: This is a full-time academic tenure-track position with an initial term appointment in the excepted service not to exceed 3 years. Term appointments may be extended beyond the initial term. Faculty who attain the academic rank of Associate Professor or Professor may have the opportunity to non-competitively receive a permanent appointment in the excepted service. As a term employee you will be eligible for medical insurance, life insurance, retirement, dental and vision. You will be eligible to earn annual leave and sick leave.

Qualification Requirements: Applicants must (a) hold a bachelor's degree or higher that included or was supplemented by major study in education or in a subject-matter field appropriate to the position, OR (b) possess a combination of education and experience -- courses equivalent to a major in education, or in a subject-matter field appropriate to the position, plus appropriate experience or additional course work that provided knowledge comparable to that normally acquired through the successful completion of the 4-year course of study described above.

Critical Knowledge, Skills, and Abilities (KSAs): Applicants will be evaluated on the following: 1) Academic Accomplishment (Ph.D. preferred) in Systems Engineering (SE), Engineering Management (EM), Data Engineering, Systems Design, or closely related field; 2) Ability to attract and conduct funded research in areas relevant to the Department of Systems Engineering, and publish results in peer-reviewed journals and professional conferences; 3) Demonstrable experience in contemporary System Engineering, Engineering Management, or Systems Design and Decision Sciences techniques, methodologies, and best practices; 4) Ability to plan, develop, evaluate, and teach undergraduate courses and lead programs in Systems Engineering, Engineering Management, or Systems and Decision Sciences; 5) Ability to provide advice to the Head of the Department of Systems Engineering and Program Directors on curricular, pedagogical, professional, and research matters, and show potential for participation in the governance of the Academy through service on departmental and Academy-wide committees; 6) Experience with and potential for leadership in professional societies and communities associated with Department of Systems Engineering specialty fields and the Academy.

How to Apply: Please follow this link for more information on required documents and how to apply. All interested applicants must submit all required documents following the process outlined on USAJobs by the closing date of the USAJobs announcement; 11:59 pm (EST) on November 16, 2021.

About the United States Military Academy: The United States Military Academy (USMA), also known as West Point, Army, or Army West Point, is a four-year federal service academy in West Point, New York. It was originally established as a fort, as it sits on strategic high ground overlooking the Hudson River with a scenic view, 50 miles (80 km) north of New York City. It is the oldest of the five American service academies and educates cadets for commissioning into the United States Army. Students are officers-in-training and are referred to as "cadets." The Army fully funds tuition for cadets in exchange for an active duty service obligation upon graduation. The academic program grants a Bachelor of Science degree with a curriculum that grades cadets' performance upon a broad academic program, military leadership performance, and mandatory participation in competitive athletics.

Equal Employment Opportunity Statement: The United States Government does not discriminate in employment on the basis of race, color, religion, sex (including pregnancy and gender identity), national origin, political affiliation, sexual orientation, marital status, disability, genetic information, age, membership in an employee organization, retaliation, parental status, military service, or other non-merit factor.
