

**SCHOOL OF SYSTEMS AND ENTERPRISES
ADJUNCT FACULTY POOL
AVAILABLE POSITIONS**

Job Description

The School of Systems and Enterprises (SSE) at Stevens Institute of Technology is seeking a pool of qualified adjuncts for a range of part-time teaching assignments in the areas of software engineering, systems analytics, industrial and systems engineering, and engineering management, with openings beginning in Spring 2020. Successful candidates will contribute to a dynamic and growing school that provides students with a research-centered interdisciplinary and transdisciplinary education embedded in systems thinking and design. Candidates will be evaluated on their teaching credentials and potential for delivering high quality instruction to undergraduate, masters, and doctoral students.

Adjunct faculty will be responsible for teaching one or more courses, holding office hours, and participating in course evaluations and assessments. Assignments may include day or evening courses and may be conducted on-campus, off-site, or online. Adjunct positions are on a semester-by-semester contract basis, and successful acceptance into the adjunct pool does not guarantee an offer of a contract.

Basic Qualifications

Applicants must possess a masters or doctoral degree in a related engineering or science discipline and evidence of rich industry experience and successful university teaching experience. Knowledge of applied statistics, applied mathematics, modeling and simulation methodologies, engineering economics, and Python a plus. Experience in software and product development or data science desirable.

To apply, please submit your cover letter, curriculum vita, and contact information for 2-3 references online through the jobs portal at Work at Stevens. Applications will be reviewed on a rolling basis.

About the School

The School of Systems and Enterprises (SSE) at Stevens Institute of Technology is a leading institution in systems innovation and research located in Hoboken, New Jersey, a vibrant city with a population of 54,000 on the Hudson River directly across from New York City. Ranked amongst the top graduate programs in Industrial, Systems, and Software Engineering by the US News and World Report, faculty in SSE embrace diverse careers with both academic and industry experience. Stevens Institute of Technology is an Equal Opportunity Employer. The School of Systems and Enterprises at Stevens values diversity and seeks candidates who can contribute to a welcoming climate for students of all races and genders. Stevens is an NSF ADVANCE institution committed to equitable practices and policies. We strongly encourage qualified women and minority candidates to apply.
